

January-janvier

February-février

March-mars

Table with 15 columns (Day, Time, Metres, Feet) and 15 rows of tide data for each day of the month. Columns are grouped by month: January (1-31), February (1-28), and March (1-31). Each entry includes day, time, height in metres, and height in feet.

July-juillet

August-août

September-septembre

Table with 15 columns: Day, Time, Metres, Feet, jour, heure, mètres, pieds. It contains tide data for three months: July, August, and September. Each month's data is organized into columns for days 1-15, 16-30, and 31. Each day entry lists a time and two values in metres and feet, with the day of the week indicated.
